

Pre-Qualification of Contractors for 2023

Public Utility District No. 1 of Franklin County is updating its Pre-Qualified Contractors list for 2023. Contractors must be pre-qualified by the District's Board of Commissioners annually to work on the District's electrical and/ or fiber system. Electrical work may consist of electrical substation, transmission, and overhead and/or underground distribution construction projects and tree trimming. Fiber work may consist of splicing, overhead and/or underground fiber construction projects. All contractors wanting to submit bids for work on the District's electrical or fiber system must be on the District's Pre-Qualified Contractors list.

In order to become pre-qualified by the District, a person, firm, or corporation must possess the following requirements:

- 1) Adequate financial resources, or the ability to secure such resources;
- 2) The necessary experience, organization, and technical qualifications to perform the proposed work;
- 3) The ability to comply with required performance schedules taking into consideration all of its existing business commitments;
- 4) A satisfactory record of performance, integrity, judgment, and skill to perform the proposed work; and,
- 5) Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

This is **not** a notice of bid; rather, the applications submitted by contractors will be used by the District to establish a list of contractors from which future bids may be requested.

Contractors may obtain a 2023 Pre-qualification Application Packet by contacting:

Julie Anderson, Purchasing Manager
at (509) 546-5950 or by emailing purchasing@franklinpud.com.

Please submit a completed application by 5:00 pm on November 18, 2022.
