PROGRAM GUIDELINES

Utilities must first prioritize bill credits for customers at or below 80 percent area median income (AMI) and if funds remain, may expand bill credits for customers up to 150 percent of area median income (AMI). Customers residing in overburdened communities and vulnerable populations as defined under RCW 70A.02.010 will receive additional prioritization. This includes individuals who have participated in programs like the Low-Income Housing Energy Assistance Program (LIHEAP), utility payment plans, or other ratepayer-funded assistance programs. Utilities may also qualify customers through self-attestation.

CERTIFICATION OF FINANCIAL HARDSHIP

The undersigned hereby certify and attest that:
My household income is at or below either 80% or 150% AMI.
