

## **PUBLIC RECORDS REQUESTS**

### **1.0 PURPOSE AND SCOPE**

The Public Utility District No. 1 of Franklin County (the District) is a municipal corporation formed and organized pursuant to Title 54 of the Revised Code of Washington (RCW). The District is governed by three publicly elected Commissioners who appoint the General Manager as the chief administrative officer. Additional information about the District is available online at [www.franklinpud.com](http://www.franklinpud.com).

The District is committed to providing the public full access to public records in accordance with the Washington State Public Records Act (the Act) found at chapter 42.56 RCW, and the Model Rules on Public Disclosure found at chapter 44-14 of the Washington Administrative Code (WAC). The Act requires public agencies to provide the public full access to identifiable records concerning the conduct of government, mindful of individuals' "privacy rights and the desirability of efficient administration of government."

The District has implemented the provisions of the Act relating to public records of the District and provides guidance to the public in obtaining access to public records through this Policy which is available at the District's Administration building at 1411 W. Clark Street, Pasco WA 99302, during regular business hours of 7:00 am – 6:00 pm, Monday through Thursday, excluding Fridays and District observed holidays, and anytime on the District's website at [www.franklinpud.com](http://www.franklinpud.com).

### **2.0 DEFINITIONS**

**Bot Request:** A Records Request that the District reasonably believes was automatically generated by a computer program or script.

**Exempt Records:** Records or portions of records that are exempt from public disclosure. Exemptions include those identified in the Act or in other statutes incorporated by RCW 42.56.070. Exemption from disclosure of a portion of a record does not automatically exempt the remainder of the record from disclosure. Exempt portions of records may be subject to redaction.

**Identifiable Record:** A record that is in existence at the time the Records Request is made, and that District staff can reasonably locate.

**Inspection/Review:** In-person access to public records.

**Public Record(s):** Any type of recorded information relating to the conduct or performance of the District regardless of physical form or characteristics.

**Public Records Officer:** The employee designated by the District to serve as the point of contact for members of the public requesting public records and who provides implementation and Policy compliance for Records Requests submitted to the District.

**Records Coordinator:** The designated staff member(s) whose responsibility is to coordinate with District staff and provide responsive records to or on behalf of the Public Records Officer.

Policy No: LGL-33  
Revision No: 4  
Effective Date: 04/30/2024

**Records Request:** A request for Public Records made to the District pursuant to the Act. Requests for public records made pursuant to other statutory rights of access to public records shall not be considered “public records requests” but may be otherwise handled under this procedure. For this Policy, a Records Request may be referenced as a “request”.

**Requester:** The person or entity making the request for public records.

### 3.0 IMPLEMENTATION

This section establishes the guidelines for Requesters to access public records and ensure timely action on requests for records while preventing excessive interference with other essential functions of the District and protecting records from damage or disorganization. Public records requests subject to this Policy are property of the District.

The District need only disclose records or portions of records to the extent required by the Act. Records or portions of records may be withheld or redacted to the extent necessary or permissible by law. The District is not required to create records or documents in response to a request for public records that do not exist at the time the request is made.

A variety of records are readily available on the District’s website at [www.franklinpud.com](http://www.franklinpud.com). Requesters are encouraged to view the records available on the website prior to submitting a Records Request.

#### 3.1 Submittal of Records Requests

Any person requesting access to general public records or seeking assistance in making a request must contact the Public Records Officer, in any of the following manners:

In Person/by Phone:	By Mail:	By E-Mail:
1411 West Clark Street Pasco, WA 99302 Phone: 509-546-5947 Hours: 7:00 AM to 6:00 PM Mon-Thu – Except Fridays and District Holidays	Attention: Public Records Officer P.O. Box 2407 Pasco, WA 99302-2407	<a href="mailto:publicrecords@franklinpud.com">publicrecords@franklinpud.com</a>

To ensure accuracy and efficiency in filling Records Requests, the District encourages and prefers that all requests be made in writing on the Request for Disclosure of Public Records Form (Exhibit A), which is available at the District’s Administration building during normal business hours and on the District’s website at [www.franklinpud.com](http://www.franklinpud.com) at any time.

Requests received by mail will be deemed received on the date received by the Administrative office and will be date-stamped. Request received by e-mail after the close of business will be deemed received on the next business day.

#### 3.2 Records Request Format

Records Requests should include the following information:

- Requester name, mailing address and contact phone number/e-mail address.
- The date the Records Request was submitted.

Policy No: LGL-33  
Revision No: 4  
Effective Date: 04/30/2024

- A clear indication that a Records Request is being made, i.e.: email subject line or document heading “Public Records Request”.
- A clear description of the public records being requested so that the Public Records Officer and staff will be able to locate the records. If possible, include the date or time period of creation of the records if known.
- Whether the Requester intends to inspect/review the records, obtain a copy of the records or both.
- If the Records Request is for a list of names and/or addresses, a signed statement regarding whether the records are being requested for a commercial purpose; and
- Requester signature.

### **3.3 Request by Law Enforcement Authority**

In addition to the information listed in Section 3.2, a law enforcement authority is required to provide proper identification and must also provide the District with a written statement in which the authority states that it suspects that the person to whom the records pertain has committed a crime and that the authority has a reasonable belief that the records could determine or help determine whether the suspicion might be true; RCW 42.56.335.

The Request for Disclosure of Public Records by Law Enforcement Form is available (Exhibit B) at the District’s Administration building during normal business hours and on the District’s website at [www.franklinpud.com](http://www.franklinpud.com) at any time. Nothing in this requirement shall create any right to privacy in customer records.

### **3.4 Oral Requests**

A Record Request made orally should be made to the Public Records Officer or designee during normal business hours. The Public Records Officer or designee will write the request as he/she understands it and confirm it with the Requester. The Requester should provide contact information to facilitate communication with the District regarding the Records Request.

If the oral request was made to a District employee other than the Public Records Officer or its designee, the Public Records Officer or designee may seek written clarification within five business days. If the Requester does not provide the sufficient clarification within 30 days of the original request for clarification, the request will be closed as to the portions of the records request that are unclear.

### **3.5 Unaccepted Formats for Records Requests**

The District does not accept requests via social media, fax, or voicemail. The District does not monitor social media sites, fax machines or review voicemails on the chance a Requester may attempt to submit a request via one of those methods.

The District cannot ensure that it will properly recognize or even receive a request sent by means other than the District’s adopted procedures.

### **3.6 Avoid Ambiguous Terms**

Requesters are encouraged to avoid using ambiguous terms such as “all records relating to,” “all records regarding,” or “all records pertaining to”. Such terms may cause unnecessary delays in processing the Records Request and may require clarification for the District to process the request. The District may deny requests that do not seek identifiable records.

Policy No: LGL-33  
Revision No: 4  
Effective Date: 04/30/2024

### **3.7 Fair Notice of Records Requests**

It is the Requester's obligation to provide the District with fair notice that a Public Records Act request has been made. To ensure fair notice is provided, Requesters are encouraged to use the official forms, make the request through the Public Records Officer's office, and/or take other steps to clearly identify their request. When a Requester does not use an official request form or makes a request to an employee who is not the Public Records Officer or includes a request as part of other documents provided to the District for reasons other than making a records request, the Requester may not be providing fair notice to the District.

For example, when a request is submitted with other documents not related to disclosure of public records, it is the responsibility of the Requester to provide reasonable notice that a public records request is included.

### **3.8 Inspection and Copying**

Responsive records to a request are available for inspection during the District's normal business hours of Monday through Thursday 7:00 a.m. to 6:00 p.m., at a mutually agreed upon time, excluding Fridays and District observed Holidays, at the main Administration Office at 1411 W Clark St. Pasco, WA. The District will make reasonable efforts to accommodate reasonable requests for appointment times. The Public Records Officer or designee will oversee public review of any public records to ensure the integrity and security of public records during inspection. No member of the public may remove a public record from the viewing area, disassemble, or alter any public record.

No fees shall be charged for the inspection of public records.

If at the time of inspection, the Requester:

- behaves in a manner which will damage or substantially disorganize the records or interfere excessively with other essential functions of the District the inspection may be denied, and the record(s) withdrawn by the Public Records Officer or designee.
- requests copies, the copying of records from a District system or equipment will be done by District staff. Complex or voluminous copies may require additional time outside of the set appointment. Fees may be applied. District records will not be allowed to be removed from District property.

### **3.9 Preservation of Public Records**

The Public Records Officer shall, to the extent practicable, ensure that records requested are not removed from the premises nor portions thereof removed by members of the public except as necessary to make copies by a District employee or private copy business contracted by the District. Documents shall not be released to the public for the purpose of allowing the Requester or a copy business contracted by the Requester to make copies.

### **3.10 Bot Request**

The District has no duty to accept certain automated or bot requests. The District may deny bot requests that are one of multiple requests from a Requester within a 24-hour period if responding to the multiple requests would cause excessive interference with the District's other essential functions. The District has the discretion to block any requests if it has a reasonable basis to believe that the requests pose a security risk to the District or any of its systems or equipment.

Policy No: LGL-33  
Revision No: 4  
Effective Date: 04/30/2024

### **3.11 Anonymous Requesters**

If the Requester chooses to not provide any contact information, the District will prepare a response that is consistent with these procedures and guidelines. Requesters may submit requests anonymously, however, doing so limit the District's ability in providing later found responsive records.

If a five-day letter is necessary, the District shall have it ready for the Requester to collect at the District's office on the fifth business day, unless the Requester provides sufficient contact information.

If a five-day letter or responsive records prepared within five days of the request are not picked up by the Requester within 30 days of the date of the original request, the request and all other future installments (if any) shall be considered abandoned, and the request will be closed.

## **4.0 RESPONSE TO A RECORDS REQUEST**

The District will process Records Requests in the most efficient manner as the Public Records Officer deems appropriate.

### **4.1 Initial Response**

Upon receipt of a records request, the Public Records Officer will respond in writing within five (5) business days of receipt of the request, excluding weekends and District holidays, by:

- providing the record or a link to the District website to the specific records requested, except if the Requester notifies the Public Records Officer that he or she cannot access the records, then the Public Records Officer shall provide copies of the record or allow the Requester to view copies using a District computer,
- acknowledging that the Records Request has been received and providing a reasonable time estimate required to respond to the Records Request,
- acknowledging that the Records Request has been received, seeking clarification for a request that is unclear, and providing a reasonable time estimate required to respond to any parts of the Records Request if it is not clarified, or
- denying the Records Request.

### **4.2 Reasonable Time Estimate Required to Respond**

The Public Records Officer sets a reasonable time to respond and produce the responsive records based on factors such as:

- the need to clarify the intent of the Records Request,
- time needed to locate and assemble the records,
- time needed to notify third parties affected by the Records Request and to provide such parties with the opportunity to seek a court order preventing disclosure where appropriate,
- the need to determine whether any of the information requested is exempt from disclosure,
- the current volume of records requests, and
- other essential functions of the agency affecting the current workload and projects of the Public Records Officer and other staff.

Policy No: LGL-33  
Revision No: 4  
Effective Date: 04/30/2024

If the Public Records Officer determines it would be appropriate, delivery of responsive installments will be established. At any time while processing a request, the Public Records Officer may provide the Requester with a revised reasonable estimate of time within which the District will respond to the request. A revised estimate of time will typically be based on:

- unexpected or unforeseen delays encountered during the request for processing,
- additional requests submitted by the same Requester while the initial request(s) remains pending,
- changed staffing resources, general workload, or schedule, and/or
- other changed circumstances or considerations ascertained during the processing.

#### **4.3 Exemptions**

The District is not required to permit public inspection or copying of records for which public disclosure of the record is prohibited, restricted, or limited by state or federal statute or regulation. The Public Records Officer may redact exempt portions of requested records as identified in the Act or other federal/state laws and provide non-exempt portions.

If it is determined that all or part of any record should not be disclosed pursuant to RCW 42.56 or other law, the Public Records Officer may consult with legal counsel prior to denying the Records Request or redacting information from a Public Record.

Any response by the Public Records Officer refusing the inspection or copying of a public record in whole or in part, shall be in writing and include a statement of the specific exemption authorizing the withhold of the record (or any part thereof), and a brief explanation of how the exemption applies to the records(s) or any portion that is withheld.

##### **4.3.1 Commercial Purposes**

The District will not provide or sell public records for private gain or commercial purposes. A Requester will not be required to disclose the purpose of the request, with the following exceptions:

- If the request is for a list of individuals, the Requester will be required to fill out an affidavit relating to commercial purpose usage. Records will not be produced until an affidavit is provided to the District if it is determined that a commercial purpose may exist. The District, by law, is not allowed to disclose public records lists for individuals when the intent is to use the information for commercial purposes.
- A Requester may be asked the purpose of the request if such information will sufficiently allow determination if another statute prohibits disclosure, and to allow the District to provide fullest assistance to the Requester.

##### **4.3.2 General**

The Act specifies types of records that may be exempt or partially exempt from public disclosure. To the extent required to prevent disclosure of statutorily protected information, or to protect information within a document that partially meets an exemption under federal or state law, such exempt information shall be withheld or redacted in a manner consistent with legal requirements prior to being made available under a public records request. In each case, the justification for the withholding or redaction shall be explained to the Requester in writing.

Policy No: LGL-33  
Revision No: 4  
Effective Date: 04/30/2024

A current list of statutes frequently applicable to the District's records is included as Exhibit D and published on the District's website. The District's failure to list all possible bases for exemption shall not affect the District's ability to rely on such an exemption.

#### **4.4 Clarification Request by the District**

The District may seek clarification on any Records Request that is unclear or appears to be broad in nature. The District's requests for clarification may be done in writing or orally. Clarifications must be received within ten (10) calendar days of the date the request for clarification is made by the District.

If a Requester fails to provide the requested clarification to the District or fails to describe an identifiable public record with adequate specificity such that it can be located, the District will deem the request abandoned and withdrawn, and will take no further action.

#### **4.5 Third-Party Notice**

In the event the requested record(s) contain information that may affect the rights of other persons and/or may be exempt from disclosure, the District may, prior to providing the records, give notice to such other persons whose rights may be affected by disclosure. The notice shall include a complete copy of the public records request. Third parties shall be given a reasonable time to obtain and provide to the District an order from the court preventing or limiting disclosure.

#### **4.6 Providing Records in Installments**

When a Records Request is complex (requires extensive research, is for a large number of records, or third-party notification/or exemption review), the Public Records Officer may provide access for inspection and copying in partial installments if reasonably determined that it would be practical to provide the records in that way. If the Requester fails to claim or review the entire set of records or one or more of the installments within 30 days, the Public Records Officer may stop searching for the remaining records and close the Records Request: RCW 42.56.080/WAC 44-14-04005.

#### **4.7 Claims**

The Public Records Officer shall promptly notify the District's legal counsel when a Records Request concerns a matter that is known to the Public Records Officer to involve a claim or litigation that is pending or anticipated.

#### **4.8 Electronic Records**

Unless the electronic records are specifically requested by the Requester in electronic format, the Public Records Officer may print electronic records prior to copying and delivery of such records. If the record necessitates redaction due to an exemption, the District may provide only a paper copy with traditional redactions if an electronic redaction is not feasible. If the electronic record is not capable of being printed due to its size, then the document may be provided electronically in the format in which the record is maintained by the District or in PDF format. There is no obligation of the District to convert an electronic record to a different format. Fees shall be charged as required by Section 4.12.

#### **4.9 No Duty to Create Records**

The District has no duty to create new public records to satisfy a Records Request, to answer written questions, or provide information in a format that is different from original public records. However, the District may, in its discretion, create such a new record to fulfill the Records Request where it may be easier for the District to create a record responsive to the Records Request than

Policy No: LGL-33  
Revision No: 4  
Effective Date: 04/30/2024

to collect and make available voluminous records that contain small pieces of information responsive to the Records Request; WAC 44-14-04003(6).

#### **4.10 No Duty to Supplement Responses**

The District is not obligated to hold current Records Requests open to respond to requests for records that may be created in the future. A new Records Request must be made to obtain later-created public records.

#### **4.11 No Fee Required in Certain Instances**

No fee will be charged for inspection of a public record; records found on the District's website; locating and making public records available for copying; searching for public records; redacting portions of the record which are exempt from disclosure; preparing an index of exempt documents; or for communicating with the Requester.

#### **4.12 Public Records Requests Fee Schedule ("Fee Schedule")**

The current Fee Schedule is available on the District's website or upon request from the District. The Public Records Officer will update the Fee Schedule as costs change. Fees will be waived when:

- a Records Request is made by a federal, state, or local agency, or
- the total fees provided in the Fee Schedule for all responsive records to a request are paper copies or scan pages amount to \$4.00 or less, including the cost for an envelope, container or device, and postage as necessary, or
- all responsive records are electronic, can be provided in one email, and attachments equal to 200 printed pages or fewer.

If the total fees and costs for all responsive records to a request does not fall under the fee waiver, then the total costs and fees must be paid by the Requester before release of the responsive records. The Requester will be assessed the actual costs incurred by the District related to delivering the public records, including taxes and the following:

- postage fee,
- the cost of an envelope, container, or device, and/or
- when a third-party vendor is hired by the District to copy or scan; RCW 42.56.120.

Only District-provided electronic devices will be connected to the District's network.

#### **4.13 Deposit**

For large Records Requests, the District may require a deposit of ten percent (10%) of the estimated total cost of copying/scanning records prior to copying/scanning any records for a Requester. The District may also require payment of the remaining cost before providing all the records, or payment of the costs of copying an installment before providing that installment. No sales tax will be charged; RCW 42.56.120.

#### **4.14 Closing, Withdrawn, or Abandoned Requests**

If the Requester withdraws the Records Request, fails to clarify a request when asked, or fails to timely inspect the records within 30 days of notice that the records are available for inspection, or fails to pay the deposit or final payment for the requested copies, the Records Request shall be deemed abandoned and closed. The Public Records Officer or designee will notify the Requester that the request has been closed and that no further action will be taken. Closure of the Records Request and the circumstances that led to closure will be documented; RCW 42.56.120.

Policy No: LGL-33  
Revision No: 4  
Effective Date: 04/30/2024

#### **4.15 Denial of Request Due to Exemption**

All denials of Records Requests will be accompanied by a written statement specifying the reason(s) for the denial, including a statement of the specific exemption authorizing the withholding of the record (or part) and a brief explanation of how the exemption applies to the record withheld; RCW 42.56.210(3).

#### **4.16 Closing the Request**

When the inspection of the requested records is complete and all requested copies are provided, the Public Records Officer will indicate in writing to the Requester that the District has completed a diligent search for the requested records and made any located non-exempt records available for inspection, the response is final and definitive, and that the Records Request is completed and closed.

#### **4.17 Later Discovered Responsive Records**

If, after the Public Records Officer has informed the Requester that all responsive, non-exempt records have been provided, the District becomes aware of additional responsive records that existed at the time of the Records Request, the Public Records Officer will promptly inform the Requester in writing of the additional records.

### **5.0 PREREQUISITES/LIMITATIONS/CAUTIONS**

#### **5.1 Mechanism for Review of Denial**

Any person who objects to any denial of a records request or a portion of the request may submit a petition in writing (including by e-mail) to the Public Records Officer for a review of that decision. The petition shall include fair notice that a petition is being requested and shall include a copy of or reasonably identify the written statement by the Public Records Officer or designee denying the request.

The Public Records Officer shall promptly provide the petition and any other relevant information to the District's legal counsel for the review. The District's legal counsel will promptly consider the petition and either affirm or reverse the denial within five (5) business days following the District's receipt of the petition, or within a time to which the District and the Requester mutually agree.

#### **5.2 Judicial Review**

Any person may obtain court review of denials of public records requests pursuant to RCW 42.56.550 at the conclusion of five (5) business days after the initial denial regardless of any internal administrative appeal.

#### **5.3 Retention of Records**

The District is not required to retain all records it creates or uses and follows RCW 40.14, Preservation and Destruction of Public Records, in the retention and destruction of public records. The State of Washington Local Records Committee (State Auditor, Attorney General, and State Archivist) approves the records retention schedules for local government agency records that are common to most agencies, including Public Utility Districts.

The records retention schedules for local agencies are available at Washington Secretary of State, Washington State Archives website. Retention schedules vary based on the content of the record; WAC 44-14-03005.

Policy No: LGL-33  
Revision No: 4  
Effective Date: 04/30/2024

#### 5.4 Index of Public Records

The District's Commissioners have determined that maintaining an index as provided in RCW 42.56.070(3) for use by the public would be unduly burdensome and would interfere with District operations given the high volume, various locations, and types of public records received, generated, and otherwise acquired by the District; RCW 42.56.070(4). The District will make available for public disclosure all indices of public records which may at a future time be developed for District use.

#### 5.5 Disclaimer of Liability

Neither the District nor any officer, employee, official or custodian shall be liable, nor shall a cause of action exist, for any loss or damage based upon a release of public records if the employee releasing the records acted in good faith in attempting to comply with this Policy.

This Policy is not intended to expand or restrict the rights of disclosure or privacy as they exist under state and federal law. Despite the use of any mandatory terms such as "shall" or "will" nothing in this Policy is intended to impose mandatory duties on the District beyond those imposed by state and federal law.

<i>Charges may be combined to the extent that more than one type of charge applies to copies responsive to a particular request.</i>		

**Fee Schedule Statement:**

It is unduly burdensome for the District to calculate the actual cost of copying and producing public records on a case-by-case basis. Cost vary depending on the complexity, size, and level of legal review required, number of redactions required, the format of the records, and personnel working on a request. The added cost of conducting a study for each request would interfere with the District's ability to respond to requests in a timely manner. Therefore, the District adopts the following copy costs pursuant to the authority under RCW 42.56.120 and the District's Public Records Requests Policy Number 33. The District reserves the right to waive a de-minimis amount of fees, as set out in the Public Records Request Policy. These charges are effective immediately.
