EXHIBIT A - RATE SCHEDULES

No. 1, Residential Service

AVAILABILITY:

Service under this schedule shall be available throughout the District's service area for lighting and power to single family residences. Separately metered services incidental to single family residential service may be served under this schedule.

The maximum size of any motor to be served under this schedule shall be limited to 10 horsepower.

TYPE OF SERVICE:

Normal service will be single phase, sixty-hertz alternating current at 120/240 volts. Three phase service and other voltages may be supplied where District facilities are available.

MONTHLY CHARGES:

	Effective	05/01/2027
System Charge	Single Phase	$34.00
	Three Phase	$58.72
Energy Charge	All kWh	0.0814

MINIMUM BILL:

The System Charge unless otherwise provided by contract.

BILLING AND TERMS OF PAYMENT:

Bills will be computed at monthly intervals. Bills are due and payable on receipt and are delinquent twenty (20) days after the billing date. Failure to receive a bill shall not release the customer from liability for payment. Bills not paid in full on or before the twentieth (20) day after the date of the bill are subject to an additional charge. This charge shall be one percent (1%) of unpaid amounts on monthly bills and shall be applied at subsequent billings.

GENERAL TERMS AND CONDITIONS:

Service under this classification is subject to the District's Rules and Regulations for Electric Service.

EFFECTIVE MAY 1, 2027.

No. 1.2, Residential Net Metering Service

AVAILABILITY:

Service under this schedule shall be available throughout the District's service area for lighting and power to single family residences with completed net metering applications on file with the District on or after the effective date. Separately metered services incidental to single family residential service may be served under this schedule. Changes to legacy Net Metering systems resulting in a new Net Metering Interconnection Agreement will be subject to this Rate Schedule.

The maximum size of any motor to be served under this schedule shall be limited to 10 horsepower.

TYPE OF SERVICE:

Normal service will be single phase, sixty-hertz alternating current at 120/240 volts. Three phase service and other voltages may be supplied where District facilities are available.

MONTHLY CHARGES:

	Effective	05/01/2027
System Charge	Single Phase	$41.00
	Three Phase	$70.81
Energy Charge	Consumed kWh	0.0814
Energy Credit	Generated kWh	.0571

MINIMUM BILL:

The System Charge unless otherwise provided by contract.

BILLING AND TERMS OF PAYMENT:

Bills will be computed at monthly intervals. Bills are due and payable on receipt and are delinquent twenty (20) days after the billing date. Failure to receive a bill shall not release the customer from liability for payment. Bills not paid in full on or before the twentieth (20) day after the date of the bill are subject to an additional charge. This charge shall be one percent (1%) of unpaid amounts on monthly bills and shall be applied at subsequent billings.

GENERAL TERMS AND CONDITIONS:

Service under this classification is subject to the District's Rules and Regulations for Electric Service and Rules for Customer Interconnection of Electric Generating Facilities (Net Metering).

EFFECTIVE MAY 1, 2027.

No. 2.0, Small General Service

AVAILABILITY:

Service under this schedule shall be available throughout the District's service area for lighting and power to commercial, industrial, public buildings, and other services not eligible under other rate schedules where measured demand is less than 50 kW at least 10 times during any calendar year. Services are assigned this rate schedule when the usage information provided at the time the account is established meets the above criteria or when available, based on actual measured demand incurred by the previous customer. The District reserves the right to review accounts and reclassify the rate schedule on an as needed basis or at the request of a customer.

The District reviews all accounts with at least twelve months of billing history on an annual basis in order to determine if the accounts are in the correct rate schedule. Accounts not meeting the criteria above will be moved to the appropriate rate schedule based on usage information from the previous calendar year. This review will occur each December and accounts will be reassigned to the appropriate rate schedule as applicable beginning with the January billing in the subsequent year.

TYPE OF SERVICE:

Sixty-hertz alternating current of such phase and voltage as the District may have available.

MONTHLY CHARGES:

	Effective	05/01/2027
System Charge		$39.56
Energy Charge	All kWh	0.0875

MINIMUM BILL:

The System Charge unless otherwise provided by contract.

UNMETERED SERVICE:

Unmetered service may be provided where, in the opinion of the District, the usage can be determined without using a meter.

BILLING AND TERMS OF PAYMENT:

Bills will be computed at monthly intervals. Bills are due and payable on receipt and are delinquent twenty days after the billing date. Failure to receive a bill shall not release the customer from liability for payment. Bills not paid in full on or before the twentieth (20) day after the date of the bill are subject to an additional charge. This charge shall be one percent (1%) of unpaid amounts on monthly bills and shall be applied at subsequent billings.

GENERAL TERMS AND CONDITIONS:

Service under this classification is subject to the District's Rules and Regulations for Electric Service.

EFFECTIVE MAY 1, 2027.

No. 2.1, Medium General Service

AVAILABILITY:

Service under this schedule shall be available throughout the District's service area for lighting and power to commercial, industrial, public buildings, and other services not eligible under other rate schedules where measured demand equals or exceeds 50 kW at least 3 times during a calendar year and less than 300 kW at least 10 times during any calendar year. Services are assigned this rate schedule when the usage information provided at the time the account is established meets the above criteria or when available, based on actual measured demand incurred by the previous customer. The District reserves the right to review accounts and reclassify the rate schedule on an as needed basis or at the request of a customer.

The District reviews all accounts with at least twelve months of billing history on an annual basis in order to determine if the accounts are in the correct rate schedule. Accounts not meeting the criteria above will be moved to the appropriate rate schedule based on usage information from the previous calendar year. This review will occur each December and accounts will be reassigned to the appropriate rate schedule as applicable beginning with the January billing in the subsequent year.

TYPE OF SERVICE:

Sixty-hertz alternating current of such phase and voltage as the District may have available.

MONTHLY CHARGES:

	Effective	05/01/2027
System Charge		$51.88
Energy Charge	All kWh	
	April – August	0.0418
	September - March	0.0529
Demand Charge	All kW	$9.48

MINIMUM BILL:

The System Charge unless otherwise provided by contract.

DETERMINATION OF DEMAND:

Demand measurement will be made by suitable instruments at point of delivery and will be the highest average kW load during any 30-minute period each month.

POWER FACTOR ADJUSTMENT:

The measured demand for billing purposes will be increased 1% for each 1%, or fraction thereof, by which the average power factor is less than 0.97 lagging.

UNMETERED SERVICE:

Unmetered service may be provided where, in the opinion of the District, the usage can be determined without using a meter.

See next page.

BILLING AND TERMS OF PAYMENT:

Bills will be computed at monthly intervals. Bills are due and payable on receipt and are delinquent twenty (20) days after the billing date. Failure to receive a bill shall not release the customer from liability for payment. Bills not paid in full on or before the twentieth (20) day after the date of the bill are subject to an additional charge. This charge shall be one percent (1%) of unpaid amounts on monthly bills and shall be applied at subsequent billings.

GENERAL TERMS AND CONDITIONS:

Service under this classification is subject to the District's Rules and Regulations for Electric Service.

EFFECTIVE MAY 1, 2027

No. 2.2, Large General Service

AVAILABILITY:

Service under this schedule shall be available throughout the District's service area for lighting and power to commercial, industrial, public buildings, and other services not eligible under other rate schedules where measured demand equals or exceeds 300 kW at least 3 months in a calendar year and is less than 3,000 kW at least 10 times during any calendar year. Services are assigned this rate schedule when the usage information provided at the time the account is established meets the above criteria or when available, based on actual measured demand incurred by the previous customer. The District reserves the right to review accounts and reclassify the rate schedule on an as needed basis or at the request of a customer.

The District reviews all accounts with at least twelve months of billing history on an annual basis in order to determine if the accounts are in the correct rate schedule. Accounts not meeting the criteria above will be moved to the appropriate rate schedule based on usage information from the previous calendar year. This review will occur each December and accounts will be reassigned to the appropriate rate schedule as applicable beginning with the January billing in the subsequent year.

TYPE OF SERVICE:

Sixty-hertz alternating current of such phase and voltage as the District may have available.

MONTHLY CHARGES:

	Effective	05/01/2027
System Charge		$69.26
Energy Charge	All kWh	
	April – August	0.0418
	September – March	0.0520
Demand Charge	All kW	$9.67

MINIMUM BILL:

The System Charge unless otherwise provided by contract.

DETERMINATION OF DEMAND:

Demand measurement will be made by suitable instruments at point of delivery and will be the highest average kW load during any 30-minute period each month.

POWER FACTOR ADJUSTMENT:

The measured demand for billing purposes will be increased 1% for each 1%, or fraction thereof, by which the average power factor is less than 0.97 lagging.

UNMETERED SERVICE:

Unmetered service may be provided where, in the opinion of the District, the usage can be determined without using a meter.

See next page.

BILLING AND TERMS OF PAYMENT:

Bills will be computed at monthly intervals. Bills are due and payable on receipt and are delinquent twenty (20) days after the billing date. Failure to receive a bill shall not release the customer from liability for payment. Bills not paid in full on or before the twentieth (20) day after the date of the bill are subject to an additional charge. This charge shall be one percent (1%) of unpaid amounts on monthly bills and shall be applied at subsequent billings.

GENERAL TERMS AND CONDITIONS:

Service under this classification is subject to the District's Rules and Regulations for Electric Service.

EFFECTIVE MAY 1, 2027

No. 2.3, Industrial Service

AVAILABILITY:

Service under this schedule shall be available throughout the District's service area for lighting and power to industrial loads where measured demand equals or exceeds 3,000 kW at least 3 months in a calendar year. This schedule is only available for completed service applications received before February 14, 2023.

TYPE OF SERVICE:

Sixty-hertz alternating current of such phase and voltage as the District may have available.

MONTHLY CHARGES:

	Effective	05/01/2027
System Charge		$486.70
Energy Charge*	All kWh	
	April – August	0.0416
	September – March	0.0522
Demand Charge	All kW	$9.93

*The Energy Charge shown in the table above is available for customers that have (i) submitted their completed service application before February 14, 2023, and (ii) provided the District with at least six-month's notice of the date by which customer's demand will exceed 2 MW. Unless and until such six-month notice period is completed, the District will calculate and bill such customer's energy charge based on the hourly weighted average electricity price reported in the Powerdex Mid-Columbia Electric Hourly Index for energy delivered, or such other market index as determined by the District in its sole discretion.

MINIMUM BILL:

The System Charge unless otherwise provided by contract.

DETERMINATION OF DEMAND:

Demand measurement will be made by suitable instruments at point of delivery and will be the highest average kW load during any 30-minute period each month.

POWER FACTOR ADJUSTMENT:

The measured demand for billing purposes will be increased 1% for each 1%, or fraction thereof, by which the average power factor is less than 0.97 lagging.

BILLING AND TERMS OF PAYMENT:

Bills will be computed at monthly intervals. Bills are due and payable on receipt and are delinquent twenty (20) days after the billing date. Failure to receive a bill shall not release the customer from liability for payment. Bills not paid in full on or before the twentieth (20) day after the date of the bill are subject to an additional charge. This charge shall be one percent (1%) of unpaid amounts on monthly bills and shall be applied at subsequent billings.

See next page.

GENERAL TERMS AND CONDITIONS:

Service under this classification is subject to the District's Rules and Regulations for Electric Service, to the extent not modified by the more specific terms applicable to this rate schedule.

EFFECTIVE MAY 1, 2027

THIS RATE SCHEDULE IS NOT AVAILABLE FOR CUSTOMERS WITH COMPLETED SERVICE APPLICATIONS SUBMITTED ON OR AFTER FEBRUARY 14, 2023

No. 2.4, New Large Industrial Service

AVAILABILITY:

Service under this schedule shall be available throughout the District's service area for lighting and power service to new large industrial loads where power requirements equal or exceed 3,000 kW and shall be served under a power sales contract with the District.

TYPE OF SERVICE:

Sixty-hertz alternating current of such phase and voltage as the District may have available.

TERMS AND RATES FOR ELECTRIC SERVICE:

New Large Industrial Service customers will be served in accordance with rates and terms established under a contract with the District based on specific customer needs and loads.

BILLING AND TERMS OF PAYMENT:

Service under this classification is subject to the District's Rules and Regulations for Electric Service, to the extent not modified by the more specific terms applicable to this rate schedule or by the terms of the customer's power sales contract with the District.

EFFECTIVE MAY 1, 2027

THIS RATE SCHEDULE SHALL BE APPLICABLE TO NEW LARGE INDUSTRIAL LOADS WITH COMPLETED SERVICE APPLICATIONS SUBMITTED ON OR AFTER FEBRUARY 14, 2023

No. 3, Small Agriculture Irrigation Service

AVAILABILITY:

Service under this schedule shall be available throughout the District's service area for agricultural irrigation and agricultural drainage pumping installations of less than 300 horsepower and uses incidental thereto.

TYPE OF SERVICE:

Three phase, sixty-hertz alternating current at available secondary voltage. At the discretion of the District, single phase service will be provided where no single motor exceeds 10 horsepower.

MONTHLY CHARGES:

	Effective	05/01/2027
Energy Charge	All kWh	
	April – August	0.0367
	September – March	0.0602
Demand Charge	All kW	$8.93

DETERMINATION OF DEMAND:

Demand measurement will be made by suitable instruments at point of delivery and will be the highest average kW load during any 30-minute period each month.

DELIVERY POINT:

Above rates are based upon service to the entire installation through a single delivery and metering point. Service at other delivery points or at different phase or voltage will be separately metered and billed.

BILLING AND TERMS OF PAYMENT:

Bills are computed at monthly intervals. Bills are due and payable on receipt and are delinquent twenty (20) days after the billing date. Failure to receive a bill shall not release the customer from liability for payment. Bills not paid in full on or before the twentieth (20) day after the date of the bill are subject to an additional charge. This charge shall be one percent (1%) of unpaid amounts on monthly bills and shall be applied to subsequent billings.

GENERAL TERMS AND CONDITIONS:

Service under this classification is subject to the District's Rules and Regulations for Electric Service.

EFFECTIVE MAY 1, 2027

No. 4, Large Agriculture Irrigation Service

AVAILABILITY:

Service under this schedule shall be available throughout the District's service area for agricultural irrigation and agricultural drainage pumping, and uses incidental thereto, where installations served by one meter are of 300 horsepower or larger.

TYPE OF SERVICE:

Three phase, sixty-hertz alternating current at available secondary voltage.

MONTHLY CHARGES:

	Effective	05/01/2027
Energy Charge	All kWh	
	April – August	0.0366
	September – October	0.0500
	November - March	0.0603
Demand Charge	All kW	$10.88

DETERMINATION OF DEMAND:

Demand measurement will be made by suitable instruments at point of delivery and will be the highest average kW load during any 30-minute period each month.

POWER FACTOR ADJUSTMENT:

The measured demand for billing purposes will be increased 1% for each 1%, or fraction thereof, by which the average power factor is less than 0.97 lagging.

DELIVERY POINT:

Above rates are based upon service to the entire installation through a single delivery and metering point. Service at other delivery points or at different phase or voltage will be separately metered and billed.

BILLING AND TERMS OF PAYMENT:

Bills are computed at monthly intervals. Bills are due and payable on receipt and are delinquent twenty (20) days after the billing date. Failure to receive a bill shall not release the customer from liability for payment. Bills not paid in full on or before the twentieth (20) day after the date of the bill are subject to an additional charge. This charge shall be one percent (1%) of unpaid amounts on monthly bills and shall be applied at subsequent billings.

GENERAL TERMS AND CONDITIONS:

Service under this classification is subject to the District's Rules and Regulations for Electric Service.

EFFECTIVE MAY 1, 2027

No. 5, Street Lighting Service

AVAILABILITY:

Service under this schedule shall be available to cities, towns, Franklin County and State of Washington installations located in the District's service area upon receipt of an authorized lighting design under this schedule and under contracts based thereon.

This street lighting schedule will be applicable to the service of lighting systems for public streets, alleys, and thoroughfares. Public grounds service existing prior to July 27, 1977, may be provided under this schedule. This schedule of charges for street lighting includes energy only. Any work performed and material furnished by the District in relamping fixtures, making repairs, alterations, changes, and additions to existing systems will be billed at actual cost plus overhead to the responsible party.

SPECIFICATIONS:

Lighting systems supplied and installed by the developer/customer shall meet all requirements of the District's current Standard Specifications for Street Light Construction. Lighting systems will be supplied at voltages and locations approved by the District.

MONTHLY RATES:

Customer Owned or District Owned

Watt(s)	05/01/2027
100 Watt	3.93
150 Watt	5.35
200 Watt	7.12
250 Watt	8.40
400 Watt	13.24

All other lighting types	
Effective Date	05/01/2027
Rate per metered kWh	0.0971
Other lighting types that are unmetered will be charged using the following calculation:	
Watts x average hour (335) x metered lighting rate shown above. Example: 100 Watts x 335 hours = 33,500 watt hours 33,500/1000 = 33.5 kWh 33.5 kWh x 0.0879 = $2.9447	

BILLINGS AND TERMS OF PAYMENT:

Street lighting will be billed at monthly intervals. Bills are due and payable on receipt and are delinquent twenty (20) days after the billing date. Failure to receive a bill shall not release the customer from liability for payment. Bills not paid in full on or before the twentieth (20) day after the date of the bill are subject to an additional charge. This charge shall be one percent (1%) of unpaid amounts on monthly bills and shall be applied at subsequent billings.

See next page.

GENERAL TERMS AND CONDITIONS:

Service under this classification is subject to the District's Rules and Regulations for Electric Service.

EFFECTIVE MAY 1, 2027

No. 6, Security Lighting Service

AVAILABILITY:

100 Watt High Pressure Sodium (HPS) lights are available to residential, general service, and irrigation customers. Lights may be added only to existing accounts.

MONTHLY CHARGES:

Type	05/01/2027
175 Watt MV	8.89
250 Watt MV	10.27
400 Watt MV	13.38
1000 Watt MV	25.04
100 Watt HPS	7.90
150 Watt HPS	9.03
200 Watt HPS	10.88
250 Watt HPS	13.72
400 Watt HPS	18.45

Light Types: HPS = High Pressure Sodium MV = Mercury Vapor

The District reserves the right to install or replace HPS and MV light types with higher energy-efficiency options with similar light output equivalent of the HPS and MV lighting.

CONDITIONS OF SERVICE:

The District will replace and maintain lamps and control equipment. The light will be installed on a District distribution pole, where space is available.

BILLINGS AND TERMS OF PAYMENT:

Bills will be computed at monthly intervals. Bills are due and payable on receipt and are delinquent twenty (20) days after the billing date. Failure to receive a bill shall not release the customer from liability for payment. Bills not paid in full on or before the twentieth (20) day after the date of the bill are subject to an additional charge. This charge shall be one percent (1%) of unpaid amounts on monthly bills and shall be applied at subsequent billings.

GENERAL TERMS AND CONDITIONS:

Service under this classification is subject to the District's Rules and Regulations for Electric Service.

EFFECTIVE MAY 1, 2027

No. 7, Wheeling Service

AVAILABILITY:

This rate schedule is available for the provision of electric transmission and/or distribution wheeling service by the District to eligible Customers or third parties, subject to the District's system capability, approval by the District's General Manager/CEO or designee, and execution of a Wheeling Service Agreement authorized by the District's Board of Commissioners. Wheeling service is available only for eligible Customers and third parties that seek to transmit electric power over the District's transmission and/or distribution facilities on a wholesale basis, including generators that interconnect to the District's electric system and seek to wheel power outside of the District's system. Wheeling service is not currently available for direct retail supply of power to District Customers.

All service under this schedule shall be provided pursuant to a written Wheeling Service Agreement approved by the District. Approval and conditions of a Wheeling Service Agreement will be determined on a case-by-case basis, and nothing in this rate schedule guarantees the availability of wheeling service to any person. Nothing in this rate schedule establishes an open access requirement on the District, and the District reserves the right to approve, deny, or condition wheeling service within its sole discretion.

This schedule applies to the transportation of electric energy through the District's electric transmission and/or distribution system when:

- Electric energy is received by the District at one or more points of interconnection, and
- Electric energy is delivered by the District to one or more designated delivery points, and
- The District does not purchase, resell, or take title to the energy.

Service may be provided on a firm or non-firm basis, as determined by the District.

TYPE OF SERVICE:

Service under this schedule consists solely of the transmission of electric energy over facilities owned and operated by the District. The District will not purchase, sell, or take title to the electric energy wheeled under this schedule.

Service shall be provided at such voltage level or levels as may be mutually agreed upon by the District and the Customer and specified in the applicable Wheeling Service Agreement, consistent with facilities owned, leased, or operated by the District. The Wheeling Service Agreement will establish the point on the District's facilities where the Customer will deliver, and the District will receive, electric power ("Point of Receipt"). The Wheeling Service Agreement will also establish the point on the District's facilities where the energy transmitted by the District will be made available to the receiving party ("Point of Delivery"). The Wheeling Service Agreement shall specify the District facilities that will be used to provide Wheeling service from the Point of Receipt to the Point of Delivery, and the Customer's reserved capacity with respect to such facilities.

All service shall be supplied at a nominal frequency of sixty (60) hertz alternating current. Service may be single-phase or three-phase, depending upon the facilities available at the point or points of delivery.

Wheeling service shall be provided subject to the District's operating requirements and system limitations. The District does not guarantee uninterrupted service.

The Customer shall pay all costs associated with any District facilities, upgrades, or system reinforcements required to provide wheeling service.

MONTHLY CHARGES:

	Effective	1/1/2027
Base Wheeling Service Charge	Per kW of reserved or contracted capacity	$4.18

In addition to the Base Wheeling Service Charge, the Wheeling Service Agreement may provide for additional rates or charges depending on the Customer's particular circumstances.

Rates may be adjusted periodically by the District's Board of Commissioners.

MINIMUM BILL:

The Wheeling Service Agreement will include a minimum monthly charge that includes the Base Wheeling Service Charge associated with the Customer's reserved or contracted capacity, plus any other minimum rates or charges specified in the Wheeling Service Agreement.

BILLING AND TERMS OF PAYMENT:

Bills will be computed at monthly intervals. Bills are due and payable on receipt and are delinquent twenty (20) days after the billing date. Failure to receive a bill shall not release the customer from liability for payment. Bills not paid in full on or before the twentieth (20) day after the date of the bill are subject to a late fee of one percent (1%) of unpaid amounts on monthly bills, which will be applied to all subsequent billings.

GENERAL TERMS AND CONDITIONS:

Metering shall be provided in accordance with the District's metering standards. The District may install, own, and maintain required metering equipment. The Customer shall bear the material and installation cost of metering equipment required solely for wheeling service.

The District reserves the right to curtail, interrupt, suspend, condition, or deny wheeling service when necessary or prudent to maintain system reliability, respond to emergencies, ensure capacity to serve the District's retail electric customers, or comply with applicable laws, regulations, or operating standards. Non-firm service may be curtailed prior to firm service.

The Customer shall indemnify and hold harmless the District from any claims arising from the Customer's use of wheeling service, except to the extent caused by the District's willful misconduct.

Service under this schedule is subject to the District's General Rules and Regulations and all applicable resolutions, policies, and laws (as may be amended from time to time). The rates and non-rate terms set forth in this schedule are subject to periodic review and revision by the District's Board of Commissioners at any time.

EFFECTIVE JANUARY 1, 2027
